

EXTRA SESSION SEEMS ASSURED

Sentiment Almost Unanimous Among Officials That One Must Be Called

SPECULATE ON DATE

General Expectation is That End of May or Some Time in June Will Be Chosen

LACK NECESSARY FUNDS

WASHINGTON, March 6.—An extra session of congress, not later than June now is generally conceded among officials here to be assured.

Altho President Wilson has not given any definite indication that he has finally abandoned his hope that an extra session might be avoided, there is an almost unanimous sentiment among officials that one must be called. They declare that even if the international situation does not demand it congress must come back to complete its legislative program and fill up gaps in the government's financial scheme caused by failure of important appropriation measures.

Speculate Only On Date.
So certain are many congressmen on this point that they are speculating only on the probable date of the session. The general expectation said to be based on information from officials close to the president is that the end of May or some time in June will be selected.

The progress made by senators toward carrying out the president's recommendation for a rule limiting senate debate generally was regarded as strengthening the likelihood of a special session. It is pointed out that the president's statement Sunday night implied that such a revision of senate rules would be preliminary to bringing congress back to finish its program. After enumerating the important measures which had failed the statement continued that "it would not cure the difficulty to call the sixty-fifth congress in extra-ordinary session," unless the parliamentary barrier to action in the senate were removed.

Should the senate limit debate, and the president's legal advisers decide he has no authority to arm ships without congressional authorization the armed neutrality bill undoubtedly would take first place at an extra session. It might be urged even if unnecessary from a legal standpoint, in order to line-up congress behind the president and wipe out the adverse impression which Mr. Wilson believes has resulted in some quarters from the senate's failure to act.

But, aside from the international crisis, the breaking down of the administration's legislative program is regarded by many officials as an imperative reason for an extra session.

How the war department can continue at all with the preparedness plans is, in fact, a problem for which officials generally believe an extra session offers the only practicable solution. There have been rumors in congress that some special arrangement might be made by treasury officials to avoid calling together by an emergency allotment of funds to the army established under executive authority but so far as has been revealed nothing of the sort has taken definite form.

DEPARTMENTS WILL SUFFER

For lack of the \$62,000,000 to have been provided in the general deficiency bill, departments and bureaus all along the line will suffer. Here too, however, the war department will be hardest hit for it had contracted on \$28,000,000 from the measure, a large part of it to have gone to pay debts incurred in purchasing equipment for the national guard while on border duty. Another measure that lost out was the \$1,348,000 military academy bill. Chairman Dent of the house military committee, declared tonight that unless congress is called back the academy will have to close July 1.

In all five big supply bills failed, carrying a total of more than a half billion dollars. Besides, the administration has been almost imperative to pass amendments to the shipping and federal reserve laws, the supplemental legislation to reinforce the Adamson law, conservation measures, the bill to permit combinations for foreign selling and that to enlarge the interstate commerce commission.

The treasury department will have to make an emergency arrangement if paper money and postage stamps continue to be turned out.

In addition 200,000 army pensioners will have their payments cut off July 1 unless congress meets again and provides for them.

HALL GAINS LEAD

Boston, March 6.—Nathan Hall of this city gained a commanding lead in the National Amateur Billiard championship at 18.2 ball line today by defeating Ledyard Bake of San Diego, Cal., in thirty innings 400 to 276.

Hall has won four games and lost none to date.

THOMPSON ADVOCATES SALOON REGULATION

Favors Heavier Penalties for Violation of Sunday Closing

Chicago Mayor Writes to Chairman of House Judiciary Committee—Would Prohibit Brewery Owned Saloons.

Springfield, Ill., March 6.—Legislation to provide heavier penalties for violation of the Sunday saloon closing laws and to prohibit brewery owned saloons was advocated today by Mayor Thompson of Chicago in a letter to Frederick DeYoung, chairman of the house judiciary committee.

Mayor Thompson wrote he was unable to appear personally before the committee tomorrow.

Chief of the difficulties in enforcing the Sunday closing law, Mayor Thompson wrote, was in the lightness of the penalty for its violation, the maximum punishment now being \$200. One of the bills the mayor favors provides a heavy fine for the first two violations with a prison sentence for more than two convictions.

"As the worse offenders are bar-keepers for breweries who have no financial interest in either the business or the license, revocation of license is no punishment to them," the mayor wrote. "If the licensee, whether the actual owner or a mere agent for a brewery be made subject to imprisonment, I solemnly predict the Sunday saloon in Illinois will cease to exist," the letter concludes.

Mayor Thompson's letter said in part:

"It is a matter of common knowledge that a large proportion of offenses against public order are due to the prevalence of drinking habits among the criminally inclined, and it is also well known that a large share of such offenses occur on Sunday wherever the saloons are open on that day. Judge Gemmill of the Municipal Court of Chicago in an address delivered Feb. 14, referring to our efforts to enforce the Sunday closing law in Chicago, declared that he had examined the record and found that last year there were five thousand fewer arrests for drunkenness than before the saloons were closed. He also stated, that formerly, Monday was the busiest day in the Municipal Court which handles such offenses, but last year, he found it to be the lightest day."

"The Sunday saloon is a menace to public order and domestic happiness. This is due, in part at least, to the fact that on Sunday the wage earner is generally idle and, also, the treating habit which too often leads men to drink to excess and to spend their money and their day of rest in the saloon. The Sunday saloon denies many of the wage-earner's privileges of his Saturday night's pay, robs them of his companionship on the only day in the week, in which perhaps he could be with them and in addition, reduces his industrial efficiency and his value to his employer which means of course, a lower wage to him."

"Let me here remind you that the brewers are in business competition with all other industries and when the saloons, their retail agencies are open on Sunday and other places of business are closed, it gives them an unfair advantage over other business concerns, which remain open but six days in the week."

"When I announced my intention of closing the saloons on Sunday, I was denounced by the liquor interest for interfering with their established practices and the newspapers printed estimates of the volume of the Sunday saloon losses which ran from \$350,000 to \$560,000 per Sunday in Chicago. I was also charged with destroying business but the increasing weekly trade in other lines has shown that this large amount of money is being spent in much more wholesome ways. The fact is that closing of saloons on Sunday can cause no industrial or economical loss since the money not spent over the bars for drink on that day is bound to find its way in other channels of trade which spend a larger proportion of the retail selling price for labor and raw materials than does in the liquor trade."

WILSON RE-NOMINATES DR. CARY T. GRAYSON

WASHINGTON, March 6.—Re-nomination of Dr. Cary T. Grayson as medical director in the navy with rank of rear-admiral, who failed of confirmation in the senate during the last session after a prolonged fight, was sent to the senate today by President Wilson.

In addition to the long list of old nominations which failed of confirmation at the last session of the senate President Wilson today made the following old nominations:

Francis J. Kearful of Oklahoma City, assistant attorney general to succeed William Wallace, Jr., resigned.

Peter J. Hamilton of Mobile, Ala., United States district judge for Porto Rico.

W. P. McGinnis of Muskogee, Okla., United States attorney for the eastern district of Oklahoma.

Miguel Antonio Otero, of Santa Fe, N. M., United States marshal for the Panama Canal zone.

MAY RETAIN STEAMSHIP LINE.

Washington, March 6.—The Interstate Commerce Commission in a decision handed down today indicated that the Southern Pacific company may retain possession of its steamship lines between New York and New Orleans and New York and Galveston if the company correct, within sixty days, certain objectionable practices at present in force.

WORK ON DETAILS FOR FIXING PAPER PRICES

WASHINGTON, March 6.—The federal trade commission put a large staff at work today on details for fixing news print paper prices. Many publishers not represented in recent conferences here must be induced to enter the arrangement before it is made and additional manufacturers must be persuaded to co-operate.

The price of \$2.50 a hundred pounds in carload lots named by the commission Sunday is expected by the commission to give general satisfaction to publishers some of whom have been paying twice that.

DISCUSS BI-PARTISAN ORGANIZATION OF HOUSE

Possible if Independents Hold Up Public Business

Independents Can Delay Business as Long as Party Lines are Maintained—Each Side Hopeful of Securing Control of House

Washington, March 6.—Bi-partisan organization of the incoming house with Champ Clark as speaker and the committee memberships and patronage equally divided, is being discussed by Democratic and Republican members as a possibility in the event of the five independent members as a possibility in the event of the five independent members hold up public business in the next session by attempting to dictate the house shall be organized.

The independents thus far have declined to align themselves with either of the big parties and have held several secret caucuses. If they vote as a unit they can delay business in the house just as long as party lines are maintained. At best neither Democrats nor Republicans will have more than 215 party members and 218 votes is required to elect a speaker.

The desire of the house to keep its record clear of any charge of tying President Wilson's hands as the senate did is expected to play a big part in converting members to the bi-partisan proposal.

Republican Leader Mann is quoted as saying recently that he had rather see bi-partisan control of the house than to see it controlled by a small band of filibusters.

Some Republicans who have been arguing that their party should not assume control of the house with a big preparedness debt facing them, greet bi-partisan plan very heartily. They insist that in such unusual times as the present it would be only fair for both parties to share equally the burden of meeting a debt that was contracted on the insistence of both parties.

Discussion of bi-partisan plans to be put forward in an emergency does not mean, however, that the majority of either party is preparing to desert its fight for control of the house. Each side is hopeful that a majority or all of the five independents will be converted to its cause. Democrats learned with pleasure today that, contrary to precedent in New York, Governor Whitman probably soon will call a special election for the selection of a successor to the late Representative Conry, Democrat, who came from a strong Tammany district.

The governor is said to have declared that he thought it his duty to call a special election if there was any likelihood of an extra session.

The main body of house membership left today for home.

SENTENCE GUARDSMAN TO FEDERAL PRISON

Minneapolis Infantryman Given Five Years for Furnishing Military Information to Germany.

Minneapolis, March 6.—Officers of the First Minnesota Infantry returned to Fort Snelling today from the Mexican border announced that Paul L. Scharfenberg, of St. Paul, a private in L. Company, first Minnesota Infantry, has been sentenced to five years imprisonment at Fort Leavenworth, Kans., by a court martial sitting at San Antonio, Texas, for furnishing military information to Germany.

A letter addressed to relatives in Germany asserting that ten million Germans in this country were ready to rise up against the government in the event of war with Germany, was intercepted by British authorities and turned over to Washington officials, according to statements by the officers. Scharfenberg is a native of Germany.

Col. Eric D. Luce, commanding the regiment, and Captain P. L. McClay, regimental adjutant in confirming the story of Scharfenberg's activities declared he had predicted in his letter that President Wilson would soon be put out of the way and had stated that "the 100,000 troops on the border would not stand up if put against an efficient force."

STATES MOVING PICTURES INSPIRED ROBBERIES

KANSAS CITY, Mo., March 6.—When Clarence Curtis lost his job a few months ago and Mrs. Curtis spent some of their spare time at a moving picture show. Among others, they saw a film depicting a holdup.

The result so Mrs. Curtis was quoted by police as having confessed today was that she and her husband engaged in a three weeks career of similar robberies. They were arrested last night on a charge of having held up a taxi-cab driver. Mrs. Curtis astonished the police so they said, by saying she and her husband had robbed several grocery and drug clerks who had brought packages and change for large bills to vacant houses to which she and her husband had directed orders.

VIRTUALLY AGREE TO MODIFY RULES

Change Proposed Would Permit Two-thirds Majority to Shut Off Debate

EXPECT ENDORSEMENT

Clear Way To Some Extent for Any Fight Which May Come Up Over Rules

MARSHALL NOT IN FIGHT

WASHINGTON, March 6.—Modification of the senate rules urged by President Wilson to prevent future filibusters like the one that killed the armed neutrality bill, virtually was agreed upon tonight by a conference committee of ten senators, five Democrats and five Republicans named by the party caucuses.

Expect Final Agreement.

The change proposed would permit a two-thirds majority to shut off debate and prevent dilatory tactics. The committee is expected to reach a final agreement tomorrow on a resolution embodying this proposal which was approved by the rules committee several months ago but which never came up for action. Leaders championing the change expected the resolution to receive the necessary caucus endorsement and to be presented to the senate as soon as possible.

How such a proposal will be received by the senators opposed to any curtailment of unlimited discussion none of the conference committee knew.

A majority of the senate has long favored the resolution considered favorably by the conference committee and its approval by both parties in caucus and in the senate would pave the way for its ultimate adoption. Both party organizations working together could make it uncomfortable for any small group of senators who might undertake a filibuster.

Text of Resolution.

The resolution, added to an existing rule, reads as follows:

"Provided, however, that if sixteen senators present to the senate at any time a signed motion to bring to a close the debate upon any pending measure, the presiding officer shall at once state the motion to the senate and at the close of the morning hour on the following calendar day lay the motion before the senate and direct that the secretary call the roll and upon ascertainment that a quorum is present the chair shall, without debate, submit to the senate by an aye-and-aye vote the question."

"Is it the sense of the senate that the debate shall be brought to a close?"

"And if that question shall be decided in the affirmative by a two-thirds vote of those voting, then said measure shall be in order to the exclusion of all other business, except a motion to recess or adjourn."

"Thereafter no senator shall be entitled to speak more than one hour on the bill and the amendments thereto and motions affecting the same and it shall be the duty of the chair to keep the time of each senator who speaks. No dilatory motions shall be in order and all points of order and appeals from the decision of the chair shall be decided without debate."

Clear Way for Fight.

The way was cleared to some extent today for any fight which may come up over the rules or over the question of whether the senate is operating now under its old rules or under general parliamentary law. This question is of importance because the senate rules do not permit, as ordinary parliamentary law does, a motion for the "previous question" which shuts off debate automatically.

Senator Owen, leader of the fight for an absolute cloture rule under which a majority would control debate, brought the subject up by giving notice that present proceedings must be by unanimous consent. On the theory that it is a continuing body the senate in the past has not adopted new rules each congress like the house of representatives.

If it were compelled to adopt them in doing so, it would work under general parliamentary law and the majority could adopt such rules as it pleased in short order.

Vice President Marshall virtually served notice on the senate today that he did not propose to become a party to any rules fight. He declared that the vice president is a presiding officer and has nothing to do with the rules beyond seeing that they are enforced.

The Democratic caucus indicated its support of the opinion that the rules should be adopted each session. It re-elected Senator Saulsbury of Delaware, president pro-tempore altho he was elected to that office last session and ordinarily would have held over. It also re-elected other senate officials who usually hold-over.

Develops Vigorous Speeches.

Discussion in the Democratic caucus developed some vigorous speeches about the prominence the west played in the Democratic success last fall.

FARMERS' INSTITUTE COMMITTEE ELECTS

SPRINGFIELD, Ill., March 6.—The executive committee of the state Farmers' Institute in session here today elected the following officers:

President—D. M. Martin of Morris, Ill.
Vice-President—Frank S. Hayes, of Geneseo.
Treasurer—C. C. Pickett of Chicago.
Auditor—Frank I. Mann of Gilman.

A secretary will be named at the annual meeting of the institute which will be held at Greenville, Ill.

PRESIDENT EXPRESSES HIS DISAPPOINTMENT

States He is "Mad Over Attitude of a Few Senators"

Executive Informally Addresses White House Luncheon to Members of Democratic National Committee

Washington, March 6.—President Wilson expressed in forceful language his disappointment over the senate's failure to pass his armed neutrality bill and discussed at length his conception of the underlying basis of permanent peace in an informal talk today at a white house luncheon to the members of the Democratic national committee.

The president declared he was "mad over the attitude of the little group of senators who held up the armed neutrality bill and indicated that he hoped for better results if he tried again to secure its passage. The present, he said, is no time for partisan or factional considerations in international affairs because the need that America prove united in efforts to safeguard its interests is imperative. He declared his bitterness in public discussions of the situation.

The underlying principles of Democracy were declared by Mr. Wilson as the only principles on which governments can endure and on which permanent world peace can be maintained. He said the consent of the governed must be behind the government. The president referred to the condition of Alsace-Lorraine as typical of causes of war, which must be avoided if permanent peace is to be achieved. Reiterating his hope that the United States will play a part in building up a structure for the maintenance of permanent peace after the present war he declared that such a peace can be founded only on just principles meeting the aspirations of the people of the world.

At a meeting of the national committee today a movement was started for bringing about an uniform hour for the closing of election polls in all parts of the country. The claim was made that in the last election Republican victories in the east were reported to western states before the closing of the polls and that as a result many Democrats gave up hope and did not vote. Plans for the next congressional and presidential elections were discussed.

Mrs. George Bass, chairman of the committee woman's bureau told how ten of the twelve suffrage states were carried for Wilson.

Chairman McCormick announced the appointment of the following executive committee:

Homer S. Cummings, Conn.; Isador B. Dockweiler, Cal.; Carter Glass, Virginia; Cordell Hull, Tenn.; A. A. Jones, New Mexico; Wilbur W. Marsh, Iowa; A. Mitchell Palmer, Penn.; Frederick R. Lunt, Minn.; and E. H. Moore, Ohio.

It was decided that permanent work at headquarters here will be conducted under the direction of W. R. Hollister, assistant secretary; W. D. Jamieson, assistant treasurer and Mrs. M. W. Dennet, secretary of the woman's organization committee.

Chairman McCormick was given a watch and chain by the members of the committee in appreciation of his work in the campaign.

KOHLSAAT BAKERY COMPANY BANKRUPT

CHICAGO, March 6.—An involuntary petition in bankruptcy was filed today against H. H. Kohlsaatt and company, proprietors of one of the largest bakeries in the city, and a string of bakery lunchrooms. High cost of flour and other materials, higher wages and a number of other causes are said to account for the failure. A receiver is asked for.

H. H. Kohlsaatt, the former publisher, who founded the business, disposed of his interest in the firm many years ago.

Counsel for the company said that the business was solvent and would pay all claims. The petition estimated liabilities at \$500,000 and assets at \$325,000.

PNEUMONIA CAUSES 2,377 DEATHS IN NEW YORK

New York, March 6.—What is described by the department of health as a peculiarly virulent form of pneumonia, has caused 2,377 deaths in this city during the last nine weeks or 534 more than during the corresponding period a year ago, it was announced tonight. The department says there is little indication that the infection is abating and repeated its warnings.

RELEASE THAYER UNDER BOND

Tokio, March 6.—Ralph Hoyt Thayer, formerly of Utica, N. Y., who was arrested recently on the charge of violating the law for protection of military secrets has been released for trial and released under bond of 600 yen. He is charged with the wireless station zone of Yokosuka, an important naval station thirteen miles southwest of Yokohama.

REPLY DELAYS EXPECTED BREAK WITH AUSTRIA

Communication is Couched in Most Friendly Terms

Points Out "Austrian Submarines are Operating in the Adriatic and Mediterranean and Therefore an Encroachment on American Interests Hardly is to be Feared"

Washington, March 6.—Austria's reply to the American request for a clearer definition of her attitude in the submarine situation was stated officially here today to leave the door open for further negotiations, delaying temporarily at least the break which has been regarded as inevitable since the severance of relations between the United States and Germany.

Altho in substance the long communication upholds and depends the unrestricted warfare waged by Germany, it is couched in most friendly terms and points out that "Austrian submarines solely are operating in the Adriatic and the Mediterranean and therefore an encroachment on American interests hardly is to be feared."

There will be a reply to this note and unless an overt act precipitates the rupture, both sides apparently earnestly desire to avoid the United States probably will not be inclined to force the issue for the present.

The truth is that Germany is credited here with trying to force Austria to a step which that country does not wish to take. Germany naturally wishes, it is pointed out, to have the complete moral support of her allies to the submarine campaign and is using her great influence with Austria to that end.

Austria, therefore, is placed in the delicate position of either sacrificing the manifest benefits she receives from the continuance of diplomatic relations with this country or of appearing not fully to support her ally. As a result it is believed that she has made her reply to this country as strong an endorsement of Germany's position as possible without at the same time making it impossible for the United States to continue the negotiations. This opinion is based not only on dispatches from Ambassador Penfield at Vienna but on the whole length and spirit of the Austrian note.

EXPRESS COMPANY SUES B. & O. ROAD

NEW YORK, March 6.—Suit to recover \$350,460 from the Baltimore & Ohio railroad company was started here today by the United States Express company on the ground that the railroad has failed since January 1, 1913, the date the United States parcels post went into effect to accord the express company exclusive privileges on its lines as agreed in a contract entered into between the two in 1887. As a result the express company was "compelled to discontinue its business with the defendant company altogether, on June 30, 1914, having operated at an increasing loss for some time prior thereto."

MANUFACTURES STILL HEAVIEST EXPORT ITEMS

WASHINGTON, March 6.—Manufactured articles continue as the country's heaviest export items. Figures made public today by the department of commerce show that for the seven months ending with January they totaled \$1,703,730, 000 in value. Foodstuffs were next with a value of \$670,000,000.

Crude materials were valued at \$460,678,000; manufactures for further use in manufacturing \$249,528,000.

Crude materials with a value of \$541,000,000 formed the biggest share of exports.

PUT SCHUETTLER'S METHOD INTO EFFECT

CHICAGO, March 6.—Chief of Police Schuetzler's newest method of combating bandits was put into effect tonight. With the arrival of ten of fifteen automobiles which have been ordered, expert riflemen of the force were detailed to the machines in three eight hour shifts. The cars will be held at various stations and each will have a crew of two men armed with rifles.

O'BRIEN GOES TO PRISON.

Chicago, March 6.—Former Detective Sergeant Walter O'Brien, nephew of Captain P. D. O'Brien, joined former Chief of Detective Halpin in the penitentiary at Joliet tonight. He and Halpin were convicted of accepting bribes from members of the clairvoyant ring. O'Brien's conviction was recently confirmed by the supreme court at Springfield.

BRINKMAN HEADS CARDS.

St. Louis, Mo., March 6.—Ben C. Brinkman, banker, today was elected president of the St. Louis National League baseball club. J. C. Reid was elected vice president today and W. C. Anderson was elected secretary.

CLUBS TO COMPETE FOR DRILLING HONORS

Chicago, March 6.—Baseball clubs of the American league, now receiving military instruction in the southern training camps, are to compete for drilling honors, Captain Franklin R. Kenney, U. S. A., in command of recruiting in the central department of the army announced tonight.

OFFERS QUINCY USE OF GROUND

Quincy, Ill., March 6.—Henry C. Cupp of Fall Creek, Ill., has offered to the city of Quincy the use of ten acres of ground on which to raise potatoes to be distributed to the poor. The ground is offered free of rent and taxes.

CHARGES BECKER MURDERED PARENTS

Arrest Son For Killing of John P. Becker and Wife Near Mason City

SHERIFF DODGES MOB

Warned of Approach of Mob He Turns Car Into Side Road and Sees Mob Rush By

TAKE BECKER TO LINCOLN

PEORIA, Ill., March 6.—William Becker, son, confidential secretary and the man who handled the hundreds of thousands of dollars of the slain millionaire John P. Becker and wife, tonight is a prisoner held without bail in the county jail of Logan county at Lincoln, Ill.

Sheriff Close today, acting on orders from the Mason county grand jury, arrested Becker at his home two miles from the scene of the murder. A high powered automobile was turned toward Havana when a telephone message warned the sheriff of the approach of a mob in automobiles. The sheriff turned his car, heavily guarded by deputies, toward the county jail at Pekin, Ill. While enroute another telephone message overtook him and he ordered his car turned into a side road and with the prisoner watched the mob bent on taking the life of Becker rush by. Here the sheriff ordered his chauffeur to drive to the Logan county jail at Lincoln where the prisoner was deposited late today.

Tonight a woman deputy is keeping guard over the prisoner. A telephone message from Mason City tonight asked for information as to the jail in which Becker is confined. Officials are confident that Becker is safe in the county jail at Lincoln. The prisoner refused to talk and jailers refuse to let any one see the accused man.

Feeling is running high in Mason county and trouble is feared if Becker is brought back to the Mason county jail at Havana.

EXPECTED CRITICISM FAILS TO MATERIALIZE

BERLIN, Monday, March 5.—By wireless to The Associated Press, via Tuckett.—The expected criticism of the government's ill-starred German-Mexican project failed to materialize in today's session of the Reichstag budget committee. After an executive sitting of six hours the committee unequivocally endorsed the action of the foreign officers by unanimous vote. The government's effort to negotiate an alliance in the eventuality of war with the United States was approved as being within the legitimate scope of military precautions. The committee expressed regrets at the misfortune that resulted in the interception of Foreign Secretary Zimmermann's note. Responsibility for its loss cannot be fixed until Former Ambassador Von Bernstorff arrives from the United States.

DIRECTS DESIGNATION OF MEN FOR COMMISSION

Douglas, Ariz., March 6.—A war department telegram addressed to regular army officers stationed in this district received today directed every regiment to designate at once at least fifty enlisted men for commissions in a temporary military force to be organized. Army men here say the number of men to be named from each regiment would indicate the officering of a force of at least half a million men.

FOUR DIE IN EXPLOSION.

Cincinnati, O., March 6.—Four men are dead, another is believed to be dying and eight other men are suffering from serious injuries as the result of an explosion in the assembling room of the Ford automobile company here today. Gas that formed in an electric enameling oven on the fourth floor of the building is believed to have caused the explosion.

NO LICENSE FORCES GAIN.

Rutland, Vt., March 6.—No license forces made a gain of six towns on the face of incomplete returns received here tonight from the city and town elections throughout the state. Sixteen towns voted for license against 22 last year.

ENLARGING THE VACANT LOT IDEA.

Dr. Claxon, commissioner of edu-
cation, has enlarged upon the idea
of cultivating school grounds and
vacant city lots by suggesting that
school children be encouraged to
raise chickens, ducks and pigeons.
As there are six million boys and
girls in the public schools of the
country between the ages of nine
and sixteen who cannot lawfully be
employed in mills or shops, it can
be readily seen that there are great
possibilities to the commissioner's
plan if an earnest co-operative effort
is made to work out the details.

TACKLING A BIG JOB.

Let us hope that at the annual
national conference of charities and
corrections to be held in Pittsburgh
some definite plan for carrying into
effect the purpose of the organiza-
tion may be found. It is understood
that "the abolition of human mis-
ery" will be the keynote of that
conference. Certainly this is a great
year to begin the accomplishment of
such a task, and while there is much
to be done at home, the crying need
is abroad.

TOP WILL BE REACHED SOME DAY.

To have hog sell at \$14.75 on
the principal markets is a mighty
fine thing for the farmers who hap-
pen to have swine ready for ship-
ment, but it is not so delightful for
the consumer. The indications are
that the top has not yet been reach-
ed. But the farmers and livestock
raisers should move cautiously for
certainly some day there will come
a slumping of pork prices, just as
there will with other foodstuffs and
commodities which have now climb-
ed to prices entirely out of propor-
tion to their real value.

T. R. ENTHUSES THEM IN GOOD WORKS.

Such as he may be alternately
admired, derided and feared, it takes
former President Roosevelt to stir
people up and to get quick action.
The other night, Colonel Roosevelt
addressed a meeting of the citizens
of Oyster Bay held for the purpose
of raising funds to aid Belgian chil-
dren. Before the meeting adjourned
the town had voted to adopt a
Belgian village of 2499 children and
will raise the sum of \$2,499 a month
to carry on this great and good
work.

SENATOR KENYON EXPLAINS.

It will be gratifying to many ad-
mirers of Senator W. S. Kenyon to
know that he has issued a statement
indignantly denying that he in any
way aided the filibuster in the sen-
ate. Senator Kenyon refused to
sign the paper declaring for the
passage of the bill, but insists that
his refusal to sign in no way made
him responsible for the filibuster.
He declares, moreover, that altho
he was greatly opposed to the bill he
would have voted for it in its final
form, trusting to the president's
judgment not to arm munitions
ships.

This statement will to some extent
relieve Senator Kenyon from the
storm of criticism which has come as
the result of the filibuster, planned
by Senators LaFollette and Stone.

THE CALL TO LABOR.

There is an apparent appropriateness
in the call issued by Samuel
Gompers for a conference of the
labor union leaders of the country
with reference to international af-
fairs. If a declaration of war comes
and if there is actual warfare labor
will be most intimately affected.
Party leaders and business men are
now engaged in plans for prepara-
tion and defense and Mr. Gompers
has declared that if labor is to have
any part in the spirit and method
of the plans adopted for the de-
fense of the country, that action
must be taken now. The call has
been wisely issued, for a considera-
tion of these questions now by labor
leaders and the presentation of their
point of view to other interests in
the country may avoid misunder-
standings later.

A NEW KIND OF CANDIDATE.

Up in Chicago there is a man en-
titled to world wide fame whether
or not he gets it. This man is Wil-
liam R. Fetter, who in an alter-
cable contest with Charles E. Mer-
riam, was declared elected by a mar-
gin of five votes and received the
certificate. Mr. Merriam has de-
clared the belief that he was legally
elected and was counted out thru
various mistakes of judges and
clerks. There is nothing surprising
about that contention, for such is
the habit of thought of candidates
for office who are defeated by a
small margin. But the surprise
comes in the attitude of Mr. Fetter,
the successful candidate, who has
joined with Mr. Merriam in asking
a recount. He said that he doesn't
want to be the beneficiary of any
possible mistake by judges or
clerks and doesn't want the office
unless he knows it was by fair and
square contest.

Where is there another record
like it, the candidate declared legally
elected joining with the one de-
clared defeated, in asking for a recount?

MAKING JAIL INMATES WORK FOR FOOD.

Sheriff Wheeler of Sangamon
county gets a good deal of criticism
of one kind and another but he cer-
tainly makes many suggestions that
are well worth while and in various
details has furnished evidence of a
public official really bent upon
getting the best results. The sheriff's
last proposal is to secure a tract of
land of thirty or forty acres near
Springfield and to cultivate it with
inmates of the county jail. He
has been led to this plan because
with prevailing high prices he is un-
able to provide a bill of fare for the
inmates which he thinks meets
their needs. Raising the vegetables
consumed at the jail will not only
help with the bill of fare, but will
be mighty beneficial to the prisoners
themselves.

TAFT NOW STRONG FOR COMPULSORY MILITARY TRAINING.

Former President Taft has been
rated as something of a pacifist and
has been deeply interested in the
work of the league to enforce peace.
But recent events have served to
somewhat change the ex-president's
view. While he has by no means
abandoned the idea that a peace
league would be a profitable and de-
sirable thing, he comes out strongly
in favor of compulsory military
training with these words:

"With the greatest reluctance I
have come to the conclusion that we
should have a compulsory military
training. If our rights have invaded
again under the declaration of
ruthless warfare at sea, it is our duty
to resist that invasion, because it is
of the same nature as if our country
were being invaded."

FOOD PRICES EIGHTY YEARS AGO

(From the New York Trib.)
These times of corners on eggs
and flour by speculators and owners
of refrigerator plants recall the days
of panic in 1856-57, when banks
closed and even the government was
unable to meet its obligations. Coal
was \$10 a ton and flour \$12 a bar-
rel, and so great was the distress
that a meeting was held in City Hall
Park, the notice reading: "Bread,
wheat, rent, fuel! The voice of the
people shall be heard!"

Eli Hart, in Washington street,
who was holding 50,000 barrels of
flour for higher prices, was denounced
and a mob attacked his ware-
house and destroyed much of his
stock after he had refused to sell to
the people at the old price.

Then when the militia arrived the
crowd visited Herrick & Co.'s ware-
house, and there they were outwitted
by a very smart clerk, who said:
"Boys, don't destroy the flour, but
let every one who can shoulder a
barrel of flour and take it home to
his family." To this all agreed, and
hundreds of homes were immedi-
ately amply supplied. Herrick saved
much of his stock and quiet was re-
stored to the town.

SCATHING COMMENT ON FILIBUSTERING SENATORS.

Under the heading of "Futility,"
the Chicago Post gives one of the
most scathing editorial comments
published upon the recent filibuster
in congress wherein eleven senators
were able to defy the wishes and pa-
triotism of the remaining members
of the senate and practically all of
the members of congress. The Post
sees as the only possible relief from
the present intolerable situation a
change in the senate rules and the
establishment of cloture or the limi-
tation of debate, which in itself is
an evil and giving possibilities of
unsatisfactory conditions at some
later time. But as the Post sees it,
it is much better to hazard this
change in a supreme effort to coun-
teract the evil already done.

Summing up a severe and de-
served penitence of those senators
who perpetrated the filibuster the
Post says:

"They are a pitiful lot. They even
cringed when they were accused on
the floor of doing just what they
were doing. They denied they were
"filibustering." And from La-
Follette to Cummins, they are radi-
cal democrats who have built their
political lives on protest against the
rule of the majority by an organized
minority. With an organization of
eleven souls they defeated the will
of 100,000,000 people. It is a cli-
max that ought also to be a final
ending for eleven careers. Their
names are now out of the Senate; the
rest should go at the next elections."

"Meanwhile, we hope to see the
President retrieve the loss of national
prestige by emphasizing and ac-
cepting the moral power which the
Senate's "round robin" gave him
and arming the ships, should this
strange, new "act of 1819" be ca-
pable of that construction. The loss
of legislative accomplishment, the
failure of the army bills and other
great measures he should remedy
promptly by calling the new Con-
gress into special session. Times are
too busy to waste a moment on what
is past; our every effort must be to
atone for shameful disasters like the
La Follette-Stone filibuster by fresh
energy in getting ready for the fu-
ture."

Rippling Rhymes By WALT MASON

THE WAR SPIRIT

If I must take my sword and
shield, and go forth to the crimson
field, to slay my country's foes, I'll
slay with fierce, titanic zeal; I'll
carve the foeman with my steel and
pile the dead in rows. I wish that
bloody war might cease; I stand up
strong for balmy peace, abhorring
marital fuss; but when my stricken
country calls, I don by my blunder-
buss, and load my blunderbuss.
The trusty sword of Bunker Hill
take down from the window sill,
where it has rusted red, and where
the enemies are thick I travel on the
double-quick, and stack up cords of
lead. In times of peace it's well to

roast the captain and his gory host,
and say that war's a frost; but when
our country calls "To arms!" we face
the dangers and alarms, and never
count the cost. I seize my lance and
snickersnee, to meet the foe on land
or sea, and from him spill the grease;
and when the guns no longer roar,
and I quit sloshing round in gore
I'll whoop again for peace.

day afternoon at 3 o'clock in charge
of the Rev. F. B. Madden. Music
was furnished by a quartet compos-
ed of Mrs. Charles Hopper, Mrs. J.
Edgar Martin, B. F. Lane and Mr.
Pinkerton, with Miss Inez Huckleby
as accompanist. The flowers were
cared for by Mrs. Herbert Rucker,
Mrs. Clarence Reid and Miss Eva
Baxter.

Burial was in Jacksonville cem-
etery, the bearers being, Herbert
Rucker, A. T. Capps, James McDon-
ald, Edward Jenkinson, E. A. Wil-
liamson and T. P. Cowdin.

Pieper.

Funeral services for Miss Etiz-
beth Pieper were conducted at the
Church of Our Savior Tuesday morn-
ing at 8:30 o'clock, the Rev. F. F.
Formaz, pastor of the parish, cele-
brating the mass. A large number
of sorrowing friends of the decess-
ed were in attendance. The burial
was made in Calvary cemetery and
the bearers were George Dunlap,
Benjamin Dunlap, Leo Selby, John
Kumle, Thomas Lonergan and Joseph
Becker.

Among friends and relatives who
came from a distance to attend the
funeral were Frank Berry, St. Louis,
Mo.; Mrs. Lizzie Hollman, Kirk-
wood, Mo.; Joseph Rustemeyer and
daughters, Edith and Florence, of
Bloomington; Mr. and Mrs. Henry
Dewer, Waverly; Mr. and Mrs. Wil-
liam Dunlap, daughter, Rosene and

Funeral services for Mrs. Mary R.
Frankenberg were held Tuesday
morning at 10:30 at the residence
of the mother of the decessed, Mrs.
Sarah A. Rexroat, 1458 South Main
street. The Rev. E. L. Pletcher, pas-
tor of Centenary M. E. church, was
in charge. Appropriate music was
furnished by Mrs. Genevieve Clark
Wilson. There were many floral
gifts of great beauty and these were
tenderly cared for by Misses Mabel
and Lucille Rexroat, nieces of the
decessed.

Following the service at the home
the body was taken by automobile
funeral party to Arcadia, where bur-
ial was made. The bearers were M.
F. Dunlap, Ralph I. Dunlap, A. C.
Rice, John M. Butler, Walter Bel-
latti and Frank J. Waddell.

Massey.

The remains of the late George
W. Massey were conveyed from the
residence of Mr. and Mrs. C. B. Mas-
sey on East Morton avenue to Dia-
mond Grove cemetery Tuesday af-
ternoon. The services were held at
the residence Monday afternoon but
owing to the non-arrival of relatives
the burial was postponed until
Tuesday. Before the remains were
removed from the home Rev. E. B.
Landis read a few verses of scrip-
ture and offered a prayer.

At the cemetery Rev. Mr. Landis
read the committal service and made
a brief prayer. The many beautiful
flowers were cared for by Mrs. J.
A. Munson, Mrs. Frank Mawson and
Miss Irene Massey. The bearers were
H. N. Kitter, J. W. Jackson, H. W.
Struck, W. W. Wharton, W. J. Br-
ady, and J. W. Walton.

SOCIAL EVENTS

Surprised on Birthday.

Miss Martha Patterson was very pleasantly surprised recently by a party of friends. The event was in honor of her birthday and was planned by her nieces, Misses Pearl and Ruby Deweese, and was one of those enjoyments for the numerous guests.

It occurred to Miss Patterson afterward that as these same nieces were soon to celebrate a birthday anniversary she might turn the tables by planning a surprise party for them. Accordingly a merry company of young people proceeded to the Deweese home Saturday evening and enjoyed several hours with music and games and a social time generally. Delicious refreshments were a part of the evening's program.

Among those present were Mr. and Mrs. Samuel Bridgeman, Mr. and Mrs. G. W. Patterson, Mrs. Mary Patterson, Mr. and Mrs. A. A. Hall and daughter Marion, Misses Martha Patterson and Pearl Bridgeman, Samuel Woods, Dillon Bridgeman, John Bridgeman, Ray Patterson, Everett and Earl Patterson, Mr. and Mrs. E. G. Deweese and daughters, Pearl, Ruby and Ruth.

capably as toastmistress. The concluding toast was given by the members of the club to the mothers as a token of their appreciation.

Academy Hall Girls Pay Election Wager.

A novel "election bet" was paid off by young women students of Illinois college, when a charming inauguration dinner was enjoyed.

On the night before the election the girls of Academy hall showed their party spirit and each proclaimed her allegiance to the Republican or Democratic cause. It was agreed that the winners should give a dinner to the followers of the defeated party.

The Republicans showed themselves to be good losers by choosing March 6th to fulfill the conditions of the wager, when they entertained at the dinner party.

Clever decorations of flags and streamers of red, white and blue carried out the patriotic idea. Impromptu songs and a toast to I. C.'s best known alumnus—pledged in pure grape juice—added much merriment to the occasion. The celebration was fittingly closed with the singing of the Academy hall song and America.

MORTUARY

Kelso.

James A. Kelso died at his home, 258 West Morton avenue Tuesday afternoon at 5:35 o'clock.

Mr. Kelso had always enjoyed good health and when he was stricken with illness last October, members of the family were not without apprehension. From this illness, however, Mr. Kelso seemed to make complete recovery and it was not two weeks ago that he suffered an attack of pneumonia which proved too much for his strength and which resulted in his death at the hour stated.

Deceased was born near Canton, Ill., August 17, 1837. He followed the occupation of farming for many years in Logan county. He retired from active farming several years ago. Nine years ago he removed to Jacksonville which has been his home since.

Mr. Kelso was a man of unassuming manner and quiet mind, possessing at the same time a strong sense of right and justice and a readiness to help which marked him as a kind neighbor, a loving father and a true friend. He had been a professing Christian since youth and passing years did not take away from his early faith, nor dim his perception of the good, which lies in every man.

Mr. Kelso was twice married. His first wife was Miss Mary J. Morris, who died in 1872. He was again married in this city in 1908 to Sarah E. Thompson who survives. He is also survived by two sons, Edna L. Kelso of this city and E. A. Kelso of La Porte, Ind., and two sisters, Mrs. Margaret Hobbs of End, Okla., and Mrs. Mary Russell of Lincoln.

Funeral services will be held from the residence, 258 West Morton avenue Thursday afternoon at 2:30 o'clock in charge of the Rev. M. L. Pontius, pastor of Central Christian church. Burial will be in Diamond Grove cemetery.

Funeral Services.

Mrs. Newton Servance, of Pisgah, died at Passavant hospital Tuesday afternoon at 3:30 o'clock. She was taken ill some time ago with bronchitis which later developed into pneumonia which was the cause of death.

Carrie Mae Roach was the daughter of John and Evelyn Roach and was born at Morristown, Tenn., May 8, 1893. She came to Illinois 12 years ago and this has since been her home, except two and one half years spent in Iowa immediately after her marriage.

She was united in marriage to Newton Servance August 31, 1913 in this city. Besides her husband she is survived by three brothers and three sisters as follows: Mrs. Mary Parks of Springfield, William Roach of Naples, Mrs. Fred Gotshall of Franklin, Mrs. Allen Spaenower of Pisgah, Clyde Roach of Alton, Clay S. Roach, residing near Franklin.

Funeral services will be held from Union Baptist church at Pisgah on Thursday afternoon at 2:30 o'clock in charge of the Rev. F. M. Crabtree. Interment will be in Union cemetery.

Officers Elected by Missionary Societies.

An election of officers was held in addition to the regular program of a meeting of the Woman's Home and Foreign Missionary societies of the Congregational church, held in the church parlors Tuesday afternoon and especially well attended. Mrs. J. W. Bowen was the hostess. "Work of the Ministerial Relief Board" was the topic of an interesting paper by Mrs. M. H. Havenhill.

The following officers were elected:

Foreign:

President—Mrs. G. W. Brown.

Vice president—Mrs. R. P. Joy.

Secretary—Mrs. F. J. Heim.

Treasurer—Mrs. O. H. Kuechler.

Home:

President—Mrs. T. P. Carter.

Vice president—Mrs. M. H. Havenhill.

Secretary—Mrs. F. J. Waddell.

SPRINGFIELD PLANS FOR NEW FIRE APPARATUS

City Council Declares That Motorization Must Come in Order to Avoid High Insurance Rates—Wires Will Be Placed in Conduits—All Depends on Whether or Not People Will Vote Bonds of \$110,000.

The Springfield city council is united in approval of a plan for a \$110,000 bond issue. The authorization of such a bond issue by the people would bring the city up to within \$15,000 of the legal limit of bonded indebtedness. It is proposed from the \$110,000 to use \$60,000 for underground wiring and the remaining \$50,000 for the motorization of the fire department. The council believes that the purchase of motor driven equipment is necessary in view of the position taken by the fire insurance underwriters, who insist that unless some steps are taken to cut down fire losses that there must be an increase in the rates.

The plan for placing all wires underground will apply to the utility company in Springfield and to telephone and telegraph companies. A. D. Mackey, general manager of the utility company, suggested that his company might put in conduits for their own wires and use them with the city. However, it is the judgment of the city commissioners that it will be a better plan for Springfield to put down its own conduits and have its wires independent of those belonging to the utility company.

Apparatus Described

The proposed apparatus for the fire department will include one aerial truck to cost \$8,200; one city service truck to cost \$5,700; one 350-gallon triple combination pump, \$8,300; one 350-gallon pumper, \$22,000; fire chief's car, \$1,800; one tractor \$4,500. The proposed apparatus will be so distributed throughout the city that quick response to fire calls can be assured. The proposal to place all wires underground is with the purpose of not only improving the appearance of the city but in doing away with fire and life danger. In times of storm with all wires strung in the streets it is difficult to avoid crossing wires with dangers resulting.

In a number of proposals which have come before Springfield in recent years there has been a division in the council with a corresponding war of factions at the polls. In the present instance it is understood that all members of the council are heartily in favor of the proposal. The management of the utility com-

pany is also favorably disposed to the plan and so it is not too much to expect that the voters will take a favorable action when the question is submitted to them at the polls.

WELL ATTENDED PLAY AT CHRISTIAN CHURCH

"The Donation Party" Given by C. E. Society Before Large Audience in Entertainment Hall.

Entertainment hall at Central Christian church was filled Tuesday evening for the presentation of "The Donation Party," a three act comedy given by young people of the church under auspices of the Y. P. S. C. E. The cast was well selected and each actor seemed to fit the part played with remarkable ease and self possession. The character acting in several of the leading roles was especially good. The training of the cast was in charge of Miss Cora Graham, who is deserving of much credit for her consistent work and endeavor.

Following is the cast of characters:

Rev. George Baxter—W. W. Wharton.
Herbert (his lost son)—Clyde Land.
Squire Appleby—Weir Wood.
Pete—Harry Walker.
Bro. Smith—Geo. C. Peck.
Mr. Jones—Clyde Land.
Old Peters—Wm. Kitcher.
Joe Bunker—Ray Paul MacDowell.
Seth—Oscar Thibault.
Ben—Geo. C. Peck.
Josh—Harold Hall.
Mrs. Baxter—Lucile Sperry.
Elvira Brimblecom—Eleanor Thompson.
Mary and Hannah, the pastor's daughters—Amelia Carlson, Pearl Allison.
Phoebe—Alice Green.
Mam Brown—Pern Haigh.
Mrs. Wilkins—Florence Rice.
Samanthy—Mrs. Geo. C. Peck.
Melissy—Lucille Allison.

MATRIMONIAL

Wright-Harney.

Theron Wright and Miss Paulina Harney were married Tuesday evening at 7 o'clock at the parsonage of Franklin Christian church, the Rev. James Todd, Jr., officiating. The young people will make Franklin their home.

The groom is the son of Mr. and Mrs. A. H. Wright. The bride is the daughter of Mr. and Mrs. George Harney.

"TEN VIRGINS" THEME OF SERMON AT GRACE

Miss Booth-Clibborn Uses Parable as Basis for Delivery of a Remarkable Message—Services Today.

Grace M. E. church revival services today include a morning prayer meeting at the home of Isaac Moxon, 854 West College avenue, a Bible conference this afternoon at 3 o'clock at the church and a sermon at 7:30 o'clock by Miss Victoria Booth-Clibborn. Her subject will be "The Two Prodigal Sons." All the Tuesday services were marked by deepening interest.

The story of the Ten Virgins was remarkably given, as are all the messages of this earnest evangelist. She said:

"Christ tells us that the Ten Virgins represent the Kingdom of Heaven. Therefore these ten virgins, both the foolish and the wise ones, represent the Church of Christ; the truly regenerated Christians, who have not gone after other Gods, who have not flirted with the flesh and the Devil, and who have kept their garments pure and unpolluted from the world."

"Jesus Himself, drew a great life of demoralization, not only between the world and the church, nor between the formalistic road church and the living church, but in the living church itself; separating the merely converted Christians from the Spirit-filled Christians—separating those who had some oil but not enough, from those whose lamps were filled."

"It seems incredible to us that five virgins should have been shut out of the marriage feast simply because they had not enough oil. They were not sinful, they were virgins. Christ did not say, 'Five were good and five were bad,' or 'Five were faithful and five were true.' The virgins slumbered and slept, all ten of them; and when the bridegroom came they all arose and all trimmed their lamps; but only five went in to the marriage feast. Why? Because the foolish ones' lamps had gone out. They had not enough oil."

"How often it is that Christians will implicitly obey all the commandments regarding their Christian life, and will forget the essential thing, which is being filled with the Spirit. A perfectly equipped steam engine but no steam. Therefore we ought to be ready at any time, night or day, for our heavenly Bridegroom, keeping our lamps filled. We know that He will first come, not on this earth, but in the air, where those of us who are ready will go up to meet Him. According to this parable, only half the church will rise; the half which has the oil. 'Be ye filled with the Spirit.'"

PIRORE STILL A POSSIBILITY.

Washington, March 6.—A food cost investigation by the federal trade commission still is a possibility despite congress' failure to appropriate the \$400,000 requested for the inquiry. It was learned today that the commission is now considering whether it is practicable to undertake the inquiry on a limited scale with its present staff and with out extra funds.

OGLESBY ISSUES REQUISITION.

Springfield, Ill., March 6.—Lieut. Gov. John Oglesby in the absence of Governor Frank O. Lowden today issued a requisition on Chief Justice White of the United States supreme court for the return to Chicago of Sol. R. LaBo, who is wanted on a charge of forgery. LaBo is under arrest at Washington, D. C.

TELEGRAPHERS ASK INCREASE.

Chicago, March 6.—Five hundred telegraphers of the Chicago & Eastern Illinois railroad have asked the company for an increase in wages of 15 per cent and a change in working conditions estimated at 20 per cent. Representatives of the telegraphers and the receiver of the company will meet here tomorrow to consider the subject of wages.

WAR NEWS SUMMARIZED

Fighting continues in France. North and south of the Aisne, London reports the British have made additional gains north of Pulesieux-Au-Mont and northwest of Irlles.

East of Bouchavesnes, in the Somme sector, the British report the raiding of a German trench and the scattering of German forces massing to counter-attack. Berlin, however, reports the repulse of a British attack east of Bouchavesnes which was delivered after heavy artillery preparation. It is probable that the German official communication refers to an engagement Monday while the British communication specifically mentions early Tuesday morning as the time of the successful raid.

Near Verdun, between Les Chambrettes and Besonvaux violent artillery duels are in progress. German attempts to evict the French from recaptured positions north of Caubert-N wood failed, according to Paris.

The Russians, near Brzezany in Galicia and in the wooded Carpathians near the north Rumanian front, have attacked the Austro-German forces, but met with repulse near Berlin. In Rumania clashes between reconnoitering parties continue.

Further progress for the Russians in the Persian theater is recorded by Petrograd, Hussenabad and Chariak have been evacuated by the Turks who are in retreat from Bijar. Southwest from Hamadan the Russians have attacked the Turks who are holding a strategic summit.

There is still no change in the Austro-Italian and acedonian theaters where artillery duels and small infantry attacks continue.

Austria's reply to the United States government's request for information as to Austria's stand with regard to unrestricted submarine warfare has been received thru unofficial sources. While the note says that Austria "strictly adheres to the assurances already given" and that the Austro-Hungarian government is essentially in accord with the American government with regard to the protection of neutrals against endangering their lives, it asserts that neutrals will have to bear all losses they suffer by entering territory where warlike operations are taking place.

VIRTUALLY AGREE TO MODIFY RULES

(Continued from Page 1.)

and the recognition it should receive by the senate majority. Senator Martine of Virginia was chosen unanimously as majority floor leader but the trouble started when the caucus took up the election of a president pro-tem. Senator Saulsbury declined to serve again unless re-elected. Friends of Senator Walsh presented him as a candidate but the Montana senator finally withdrew after a plain talk about the recognition of the west and an answer from Senator Robinson of Arkansas, about the south. Senator James of Kentucky smoothed things over with a conciliatory talk.

The Republicans spent most of their time discussing cloture. Senator Borah, one of the Republican conferees pointed out that the rule under consideration was not a cloture rule in the usual sense at all and that it probably would be seldom invoked and then only to prevent defeat of legislation by a very few men. This fact is expected to induce southern Democrats who have always feared a force bill if cloture were possible with Republicans in control not to oppose the change.

Some of the Republicans said tonight the president could get the army neutrality bill thru the senate in three days without amending the rules if he would call a special session. They pointed out that under the present practice by which a senator cannot rely upon quorum calls to give him an opportunity to rest, it is almost impossible for one or two men to speak for more than a day at most.

CLOTHING MAKERS FACE INCREASED COSTS

Harry M. Capps in Address to Kansas Clothing Dealers Association Gave Facts Which Indicate How Expenses Climb.

At a recent convention of the Kansas Retail Clothing association held in Emporia, Kansas, Harry M. Capps, president of J. Capps & Sons, Ltd. of this city, was one of those who made addresses. Mr. Capps' theme was "The Cost of Manufacturing 100 Per Cent Pure Wool Clothing on the Present Market Basis." The costs of manufacturing clothing have increased by leaps and bounds since the European war began and as an inevitable result various perplexing questions have been presented to all manufacturers. Mr. Capps discussed these questions in a way which made them clear to the general public and resulted in suggestions of special interest to the manufacturers.

Speaking of the heavy increases in the cost of materials which manufacturers are meeting Mr. Capps said:

Some Increased Costs.
"Conservatively estimated the following list shows the increased costs to manufacturers of the principal various items entering into the making of Pure Wool Clothes, compared to former normal basis:
"Woolens and Worsted, 50 to 75 per cent.
"Wool Serge and Alpaca Linings, 40 per cent.
"Silk and Satin, 50 per cent.
"Cotton Sleeve Lining and pocketing, 50 to 70 per cent.
"Black Silesia, 85 per cent.
"Linen Canvas, 80 per cent.
"Velvet, 50 per cent.
"Felts, 25 per cent.
"Hair Cloth, 150 per cent.
"Silk Thread, 60 per cent.
"Cotton Thread, 50 per cent.
"Buttons, 35 per cent.
"Labor, 20 per cent."

"Therefore, I consider that while advanced prices in many respects are to be deplored, they have been brought about by natural causes beyond our control. At the present time the minimum values of all raw materials and merchandise, that will enter into the clothing business for next Fall, have been fixed and determined by actual purchases and contract—Of necessity, therefore, the higher range of values of clothing is unavoidable.
"There are many indications that prices of raw materials will advance still further—few that they will be lower. Under such conditions it would appear to be the part of wisdom to buy your clothing requirements with confidence—it is no time to over-buy or speculate—that time is past—buy to cover your conservatively estimated needs."

HOME OF JOHN DOWNS BURNS AT LYNNVILLE
Occupants Were Away When Blaze Breaks Out Which Destroys Their Residence—Dancers Fight Flames

John Downs and family left their home in Lynnville Tuesday to make a short visit with Jacksonville friends. Shortly after midnight their residence, which stands directly north of the school buildings, was found to be on fire and before many minutes the entire structure was a mass of flames. All the contents of the house were destroyed and it was only by the good work of a volunteer fire company that other buildings were saved.

The property was recently purchased by Wesley Combs of Lynnville and it is thought that he carried insurance.

The fact that a dance was in progress at the time the fire was discovered helped materially in the formation of the fire company as the young men joined readily in forcing a bucket brigade and fought hard to keep the flames under control. The dance was given in Masonic hall with Simon Blackburn, Foster Sheppard and Lee Sturdy as hosts.

ART EXHIBIT RECEIVED

The oil paintings promised for exhibition at the Woman's college have arrived and will be ready Monday morning for the inspection of the public. The pictures this year are superior to anything of the kind ever yet brought to the college and do great credit to the enterprise of the institution in affording the public such an opportunity to view choice works of art.

Special preference has been given to works of American artists and several paintings of that kind have been secured and will be seen. A Journal reporter was permitted yesterday to see the paintings after they had been unpacked but before they were hung in place and he was truly delighted with the quality of the works presented and can promise the people of Jacksonville a rare treat and one which should be fully appreciated and patronized. No one makes any money out of the exhibit and the college or those having the matter in hand will be delighted to come out even in the affair.

HENRY JACKSON PASSES NINETIETH MILE STONE

Birthday Dinner Tuesday Evening at Home of Son Marks Monorah Anniversary in Life of Man Who Has Spent Many Years in This Community

Tuesday, March 6, was the 90th birthday of Henry Jackson and in celebration of the anniversary a pleasant family gathering took place at the home of Mr. and Mrs. Arthur Jackson, 522 Reed street. The fact that Mr. Jackson has spent his long life in Morgan county made the occasion doubly significant for without doubt Mr. Jackson holds the palm for length of residence in the Jacksonville vicinity. Possessed of remarkable health and vigor for a man of so advanced an age and with all his faculties unimpaired Mr. Jackson was well able to enjoy the birthday dinner served at 8 o'clock at the Jackson home and attended by all the children as well as by a part of the grand children and great grandchildren of the guest of honor. He was well able also, to indulge in the reminiscences of former days which, at such gatherings, come in for a large share of enjoyable attention.

The dinner, served under direction of Mrs. Arthur Jackson, was all that could have been desired and after the meal was finished the guests joined in an evening which will live long in the pleasant memories of each.

Henry Jackson

There were present at the dinner the seven children of Mr. Jackson as follows: Shelton Jackson, Creston, Ia.; W. H. Jackson, Cedar Rapids, Ia.; Her Jackson, Charleston, Ill.; Joseph, Edward and Arthur Jackson, this city, and Mrs. Arthur Sieber, the only daughter, also of Jacksonville. Mr. Jackson has ten grandchildren and four great grandchildren and at this gathering there were present the representatives of four generations.

Born in Log Cabin

Henry Jackson, a son of William and Kate Lacarville Jackson, was born March 6, 1827, in a humble log cabin standing a few miles northeast of Jacksonville, and has spent his entire life in this vicinity. His parents came to Washington county, Ind., from the Carolinas in 1814, and then to Illinois and Morgan county in 1825.

Mr. Jackson remembers many of the happenings of the early days of Illinois as they took place only yesterday and delights in telling of them. He helped do some of the surveying for the city of Jacksonville and well recalls Mr. Arnett and some of the older residents and also the gallon of whiskey which Mr. Arnett supplied to the men who were assisting. He says Jacksonville was named for the hero of New Orleans. He remembers well when the first railroad was completed and taking a ride on it to the river and back. He said it passed thru the town, down east State street and about where the Roman Catholic church now stands it branched off northward and kept on thru what is now the ground of the State School for the blind and on to its present right of way. His oldest brother hauled from the vicinity of Exeter stone for the abutments of rock bridge.

Recalls Prominent Men

Among the prominent men whom Mr. Jackson recalls are Col John J. Hardin, Porter Clay, Governor Duncan, T. D. Eames and many others of that day.

On the ground where the Jacksonville State Hospital now stands Mr. Jackson and a colored man cut with cradles twenty acres of wheat for Solomon Simmons. In those days there were very few dwellings south of the brook. Near the brook on South Main street was a mill where Mr. Jackson, as a boy, took corn to be ground, and there was also a distillery near by, where pure whiskey could be purchased and as there was no government tax, the liquor could be purchased very cheap.

There was also in that vicinity a ranyard and Mr. Jackson recalls seeing a horse grinding tanbark in an old fashioned mill. Another machine used was a carding machine run with a tread mill.

Among the preachers of those early days whom Mr. Jackson well remembers are Peter Akers, Peter Cartwright and he says he has heard William Stribling preach two hours at a time without notes.

FUNERAL NOTICE

Funeral services for Q. H. Chapin will be held at the residence of S. O. Barr, 1209 West State Street this afternoon at 2:30 o'clock. Matt Starr Post G. A. R. and Ill. Lodge I. O. O. F. will have charge of the services and the Rev. E. B. Landis, assisting. Interment will be in Diamond Grove cemetery.

CONSOLIDATED SCHOOLS HAVE GOOD FACILITIES

Several in Illinois Present Excellent Examples of What Can Be Accomplished Thru Co-operative Funds and Effort

Mention was made yesterday of the coming to Murrayville next Tuesday of Mr. Hanna, assistant state superintendent of public instruction. It is the purpose of the proposed meeting to consider various plans of school management and Mr. Hanna will explain state law as related to consolidated schools, township high schools and the present day requirements for the erection of common school buildings. There are four or more school districts in the vicinity of Murrayville which might be consolidated if a majority of the people in the district so desired.

The consolidated school plan means simply that individual school facilities are abandoned by each district and a combined fund for the establishment of a central school made available. With the larger fund secured by combining the facilities from several precincts better facilities can be secured. One feature of the consolidated school plan is the requirement that children must be transported to the school. Usually the district furnishes wagons during the winter months and during the remainder of the time of the school sessions the parents of the pupils usually furnish the means of conveyance.

One of the successful consolidated schools in the state is the Rollo school in Dekalb county, where a \$28,000 school house was erected. There the school work has been enlarged to include domestic science, special classes in the study of agriculture and farm topics. The school property includes ten acres where actual experimentation work is done in agriculture. One of the best known of the schools of this class is the John Swaney school at McNabb, Putnam county. A brief statement as to the work of the school is taken from a circular issued by the state department of public instruction and is of interest at this time because of the proposed meeting at Murrayville.

Swaney School Built in 1906
"The John Swaney Consolidated School was established in 1906. The consolidated district comprises three ordinary school districts extending in a general east and west direction and the school is situated near the center of this territory. It stands in the open country, being two and one-half miles from McNabb, the nearest village."

"The school is housed in a two and a half story brick building, containing four recitation rooms, two laboratories, an auditorium, library and office room, manual training room, girls' play room, furnace room, toilets and cloak rooms. The entire building is lighted with gasolene, gas, and the laboratories are supplied from the same source. The building is heated with steam and provided with an air-pressure system to supply running water. "The various departments, such as chemistry, physics, agriculture, domestic science, biology and geography, are amply equipped with laboratory apparatus and material. "The school library contains about 1,200 bound volumes. In addition, a systematic filing is made of all bulletins received pertaining to agriculture and domestic science. Some of the best current literature to be had comes regularly to the reading table."

"Far from considering this feature a drawback, the community points to it with pride, for it had the courage to undertake without a precedent what it has successfully demonstrated that culture, refinement and a rich community life can be developed thru education in the country. Our country children pass thru the high school without having the notion unconsciously developed within them that the good things of life are to be sought only in town."

Has High Standing
"The high school is the only four-year recognized high school in the county at the present time. It is fully accredited at the University of Illinois. The Harvard entrance examinations were passed in a most creditable manner by one of its graduates. Seventeen of its alumni are today attending colleges or universities. The principal is a graduate of the State Agricultural College, and graduation from a normal school is the minimum requirement for the other teachers."

"The school building is located on a twenty-four acre campus which provides ample facilities for play grounds, school gardens, etc. The teachers live together in the "College," a building adjoining the school grounds. A stable with room for twenty-four horses helps to solve the problem of conveyance."

"The eight grades are divided, four grades to a room. In the upper four grades the alternating system is used. "Four years' work is given in agriculture and two in domestic science in the high school. Thirty-five credits are required for graduation. Two teachers handle the grade pupils and three teachers give their full time to high school work. In addition a special music teacher is employed."

"The work in agriculture has to do with the judging and feeding of all classes of live stock. A study of crops, soils, horticulture, farm buildings, and farm management."

"The household science courses include studies in foods and cooking, clothing, sewing, care and planning of the home."

"Manual training, with special emphasis on its relation to farming, is taught to the freshmen."

JOURNAL FILES WILL BE HOUSED AT LIBRARY

Offer of Journal Co. Accepted by the Library Board Tuesday Afternoon—Librarian Presents Monthly Report

The files of the Jacksonville Journal, covering a period of more than fifty years, are to be placed on file at the public library. The suggestion that the files be housed at the library was made for the Journal Co. by W. A. Fay, a member of the board of library trustees, assembled in regular meeting Tuesday afternoon at 4:30 o'clock. The board accepted the offer by unanimous vote.

The files of a local paper are of course a most valuable source of material for local history. There are over one hundred and seven bound volumes of the Journal. At the present time with the Centennial plans holding a prominent place in the minds of many and with the prospect that the study of local history will receive an impetus, those files will be especially useful to the public.

The library is glad to take care of valuable special collections. A mo-

tion was made at the Board meeting to encourage the placing of useful special collections in the library, to give them house room and where-ever they were composed of circulating material to circulate them.

The librarian's report showed a gain in circulation of 438 over Feb. 1916. Over 300 of the gain was in the children's room which is becoming overcrowded on busy afternoons.

ROAD BANQUET TO BE HELD THURSDAY

Thru Error Friday Was Mentioned Yesterday as the Date

Thru error yesterday mention was made that the good roads banquet will be held Friday of this week at Central Christian church. The banquet is to occur Thursday at 1 o'clock, the date originally announced. The speakers will be Homer J. Tice and A. E. Nissen. A good orchestra has been secured and the women of Central Christian church can be relied upon to serve an excellent menu.

As previously mentioned, all addresses and discussion will pertain to oil roads and the improvement of earth roads. The general subject of hard roads will not be discussed at this time. The committee in charge feel that oil roads and the improvement of earth roads are questions of more vital present day interest.

Exclusive Presentation of a Chinese Renaissance Rug

Come and see the Chinese Renaissance Rugs on exhibition in our Rug Department. It is the first of its kind ever produced on a loom except by the slow and laborious devices of the Orient.

No American made rug ever approached the elaborateness of this rich

HERATI WILTON

Here is a brief recital of its history: The original was made by a famous artist of Pekin, China, in a prize competition against his fellow craftsmen, and this rug won first prize. Like all masterpieces of Oriental weaving, it depicts the patience of the Oriental, his faith in the future and his closeness to a religion of ideals.

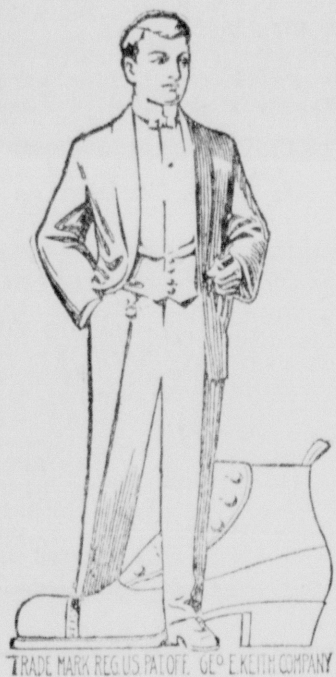

The task of reproducing this rug was enormous, especially when you consider that every part of the pattern is distinct and totally different from all the rest of the design.

It establishes a new standard for American homes. Come and see this novel and enchantingly beautiful rug on exhibition here for the first time.

HEALTH SURVEY PLANNED FOR MORGAN COUNTY

Graduate Nurse Will Conduct Census During Spring Months in Order to Secure Data for Tuberculosis Sanatorium—Open Air School Report.

At the meeting of the directors of the Morgan County Anti-Tuberculosis League Tuesday evening at the public library the report of the visiting nurse was heard and an increased amount of public health work was recorded. A number of new cases have been reported and visited during the months of January and February. From the report of the budget committee it is evident that careful consideration is being given to all expenditures of the league.

It was decided to employ a graduate nurse to make a county survey during the spring months before school closes, the information from which will guide the County Health Fund Trustees in their arrangements for the County Sanatorium.

Safe From Infection.
In response to rumors which have gained ground in the community it was stated by the clinic director and the clinic physicians that there are no open cases of Tuberculosis in the open air school and that to the certain knowledge of the physicians and the nurse there have been none since the first year of the school's existence. The pupils are under constant supervision and inspection and tests are made frequently for the purpose of checking up the progress of the pupils. In the opinion of the clinic committee and medical authority the open air school is the safest place for children to be as regards infection from

tuberculosis by reason of the fact that every precaution is taken to guard against the possibility of open cases coming to the school.

A committee was appointed to investigate sites for the clinic and the open air school as it is the desire of the league to conduct its work in more appropriate quarters in the future.

All departments of the League were shown to be in prosperous condition.

CHAUTAUQUA DIRECTORS BEFORE PARK BOARD

Various Requests Made Relative To Conduct of Assembly This Year—Disagree on Concession and Dancing Pavilion Privileges.

The park board met last evening in regular session with all members present. The minutes of the last meeting were read and with correction adopted.

Thomas Worthington, A. C. Rice, Rev. W. E. Spoons and Carl Weber were present presenting certain requests regarding the chautauqua privileges which were as follows:

That the meeting be permitted this year in the park on the same territory as last year.

That arrangements looking toward the permanency of the enterprise be contemplated and made as far as practicable.

That the entire refreshment concessions on the chautauqua grounds be the prerogative of the chautauqua association.

That no dancing be permitted in the large pavilion except Monday evening while the chautauqua is in session.

That the hitching racks be moved so as to afford more space for campers during chautauqua season.

The board decided to grant the use of the grounds for the present year.

To co-operate with the chautauqua association affording every facility consistent with their position, to aid the chautauqua enterprise and to permit the placing of the large tent in a different place farther north on the slope toward the lake.

To grant the chautauqua association all income from tent rentals or space and the full meals concessions but not the concession for other refreshments, the chautauqua association to pay \$200 to be used partly toward paying for the pavilion and for other expenses.

The board understood that the dancing last season was objectionable in that late hours were indulged in to the discomfort of the campers. A definite contract was entered into with Oliver Spaulding for the use of the large pavilion during six nights of the chautauqua season, the pavilion to be closed, darkened and guarded at 11 p. m., and the board felt unwilling to go squarely back on that bargain but it was decided, in view of the many objections to the dancing, to endeavor to have the agreement cancelled.

The board decided to do away with the elk park and grant the chautauqua association that additional ground for campers which would obviate the necessity of moving the hitch racks.

The board explicitly affirmed its hearty good will toward the chautauqua association and a strong desire to aid it in every way consistent with its obligations as a board.

Newton Tribble was appointed custodian of the Duncan and Central parks and the lawn in front of the distributing reservoir.

The matter of receiving bids for refreshment and boat concessions was deferred.

LEON CRAIG FUNERAL WAS HELD TUESDAY

Services at Home of S. E. Snow and Burial in Jacksonville Cemetery.

Funeral services for Leon E. Craig were held from the residence of S. E. Snow 819 West College avenue Tuesday afternoon at 2 o'clock in charge of the Rev. F. B. Madden pastor of Grace church assisted by Dr. A. B. Morey and Dr. J. R. Barker. Music was furnished by Miss Nellie Cunningham, Miss Dewees, Rev. R. B. Wilson and T. H. Rapp. The flowers were cared for by Miss Edith Dahman and Miss Alice McCullough. Burial was in Jacksonville cemetery the bearers being W. A. Banevoff, Robert Mutch, Homer Potter, William Barber, Ewen Whitlock and J. I. Graham.

Leon Edward Craig, son of Isadore Snow and Lloyd Allen Craig was born Jan. 12, 1873, in Unity neighborhood, southeast of Jacksonville, and passed beyond in New York City, March 1, at 6 p. m. In early childhood his family removed to Woodson where the deceased grew to early manhood.

When very young, Mr. Craig united with Unity Presbyterian church and he was very active and faithful in all church affairs, his musical ability making him especially helpful in all church and community interests.

Mr. Craig attended Whipple Academy in Jacksonville, Ill., and later studied law in Wesleyan university. About 10 years ago he located in Houston, Texas, where he was engaged in large business enterprises among which was the purchasing and selling of oil lands and leases. It was while in New York City on business of this nature that he was stricken with pleura pneumonia and passed away far from home and loved ones.

On Easter Sunday, April 11, 1909, the deceased was married to Miss Lillian Casey, supervisor of the Baptist hospital in Houston and together they lived a happy congenial life for eight years.

He was a member of the First Presbyterian church in Houston. He had served as organist for years of the Second Presbyterian church of the same city.

He was an earnest conscientious Christian man, and carried with him to the end his Bible personally marked from cover to cover.

He was a grand son of the late C. G. Snow, so long and favorably known in this community.

He leaves behind a widowed mother and one sister Mrs. O. C. Prather of Leavenworth, Kansas, both of whom are mourning alone today, on account of the frail health of the mother; his sorrowing wife and numerous other relatives and a host of personal and business friends in Houston who regret his untimely and sudden going.

Y. M. C. A. NOTES

A noonday meeting will be held at the Illinois Steel Bridge company's plant today. The Rev. R. B. Wilson pastor of State street Presbyterian church will be the speaker. Secretary Findley has provided special music for the occasion.

The regular monthly meeting of the directors of the association was held Tuesday evening in the association building. President Rodgers presided and only routine business was transacted.

The month of February was a busy one in "Y" circles, during the month eighteen gatherings of various kinds were held under the auspices of the association. Seven noonday meetings were held at the industrial plants with a total attendance of 350. Other meetings of both a religious and social nature were held in the association rooms.

APPOINTED ON NATIONAL D. A. R. COMMITTEE

A Louisiana (Mo.) paper makes mention that Mrs. Clarence Buell of that city has been appointed by the president, Mrs. William Cummings Story, a member of the national reciprocity committee of the national society of the Daughters of the American Revolution. This appointment is a great honor for Mrs. Buell as there are over 100,000 members of the D. A. R. in the U. S. and to serve on a national committee is a high compliment. Mrs. Buell is a cousin of Miss Susan Draper of this city and has quite frequently visited here. Years ago she was a student at the Jacksonville Female academy.

Cold Settled In His Back

"Foley Kidney Pills always give me prompt relief,"—Ed. Nelson, of Rogers, Neb., writes: "I have used Foley Kidney Pills for backache, the result of catching cold which settled in my back. Foley Kidney Pills always give me prompt relief and I can cheerfully recommend them."

The reason Foley Kidney Pills act so satisfactorily is because they neutralize and dissolve the poisonous waste matter that remains in the blood because the kidneys do not do their work properly in filtering and casting off from the system acid and other poisons.

Relief usually follows in a few days and such symptoms as pain in the sides or back, stiff joints, sore muscles, rheumatism, too frequent action of the bladder at night, and other painful and annoying ailments disappear. Foley Kidney Pills contain no harmful ingredients. They are safe as well as quick acting.

ORDER APPAM RESTORED TO ENGLISH OWNERS

Ship and Cargo Must Be Delivered in Thirty Days

Decision Upholds Lansing's Ruling
That Prizes Unaccompanied by
Captor Warships Have the Right
To Remain Only Long Enough to
Make Themselves Seaworthy.

WASHINGTON, March 6.—In a unanimous opinion the supreme court ordered restoration to her English owners of the liner Appam and cargo, brought into Hampton Roads more than a year ago by a prize crew from the German raider Moeve. Ship and cargo, valued at between three and four million dollars, must be delivered within thirty days, as the court's order is final.

Upholds Original Ruling.
The decision written by Justice Day affirms decrees by federal Judge Waddill of Virginia and upholds the original ruling by Secretary Lansing that prizes coming into American ports unaccompanied by captor warships have the right to remain only long enough to make themselves seaworthy.

American neutrality was violated in bringing the Appam into Hampton Roads, the court says and neither the ancient treaties relied upon by Lieutenant Berg the German prize commander, The Hague conventions, nor the Declaration of London, entitles any belligerents to make American ports a place for deposit of spoils of war under such circumstances.

"From the beginning of its history the country has been careful to maintain a neutral position between warring governments," the opinion adds, "and not to allow use of its ports in violation of the obligations of neutrality nor to permit such use beyond the necessities arising from the perils of the seas, or the necessities of such vessels as to seaworthiness, provisions and supplies."

Sought Interpretation of Treaties.
Interpretation, for the first time, by the Supreme Court of the treaties of 1799 and 1828 between the United States and Germany was sought in two cases determining possession of the British liner Appam, captured January 15, 1916, by the German raider Moeve and taken to Newport News, Va., by a prize crew under Lieutenant Hans Berg.

Almost from the moment that the liner passed Hampton Roads February 1, 1916, after a trans-Atlantic dash of 3,051 miles, the legal contest for possession of ship and cargo began. Together their value is estimated between \$3,000,000 and \$4,000,000, constituting one of the richest single prizes of the war.

Right to asylum in American waters until the war ends, or failing that, to have disposition of the vessel and cargo determined by the state department and German government, was claimed by the German captors.

In an admiralty libel suit, attach-

ing the Appam and her cargo, the British & African Steamship company, British owners, sought repossession. They denied that German-American treaties or international law gave the German claimants authority to retain the prize.

The German government, claiming the Appam as a public ship of war belonging by its capture to the government, was the real defendant in the libel suit, although Lieutenant Berg, prize master, and German Vice Consul von Schilling of Norfolk, Va., were the nominal claimants.

The British owners were successful in the lower court. Return of vessel and cargo was ordered in July, 1916, by Federal District Judge Waddill of Virginia. The manner of bringing the Appam into United States waters Judge Waddill held a violation of American neutrality. He interpreted the German-American treaties to give no permanent, but only a temporary, right to American asylum to German war prizes.

Gave \$2,000,000 Bond.
Upon appeal to the supreme court, bond for \$2,000,000 was given by the German claimants to retain possession, under supervision of Virginia court officials. Receipts of \$634,000 from court sale of perishable cargo have been held by the lower court awaiting the supreme court's final decision.

That no attempt would be made to run the Appam out of American jurisdiction pending the appeal was formally pledged to the State Department by German Ambassador von Bernstorff, and the prize crew remained aboard at Newport News. All British persons aboard were promptly released by order of Secretary Lansing.

The three principal grounds relied upon by the German claimants were: 1. That the Appam as a public ship of war belonging by capture to the German government, is entitled to indefinite American asylum under Article 19 of the 1799 treaty between the United States and Prussia, renewed in part by Article 12 of the German-American treaty of 1828.

2. That American courts are without jurisdiction, enjoyed solely by German prize courts.

3. That the American and German governments—not American admiralty courts—must determine the Appam's disposition.

All three principal and other minor contentions were rejected by Judge Waddill. He construed the treaties to grant only temporary asylum to warships—not to prizes unaccompanied by captor warships. That the Appam, having violated United States neutrality, must be treated "as abandoned and stranded upon our shores" and the British owners, therefore "entitled to restitution of their property" was his decision.

The American government intervened in the proceedings, but only as a friend of the court.

The state department had ruled that its construction of the treaties does not give Germany "the right to deposit spoils of war in an American port" and that they gave the Appam the right to enter American waters "only in case of stress of weather, want of fuel or provisions, or necessity of repairs" and obliged departure "as soon as such cause was removed."

Unable To Accept Suggestion.
However, in a note to British Ambassador Spring-Rice, Secretary Lansing said he was "unable to accept" the British envoy's suggestion that the Appam violated American neutrality.

Failure of President Wilson's various neutrality proclamations to interdict bringing of prizes to United States ports also was relied upon by the German claimants.

The treaty clause upon which the German claimants relied in chief declares that the "vessels of war, public and private, of both parties shall carry freely" the vessels are "effects taken from enemies" and "nor shall such prizes be arrested, searched or put under legal process."

That this treaty provision applies only to prizes conveyed into American ports by warships, and not to a prize unaccompanied, was held by Judge Waddill and, also, by the state department.

The case of the British steamer Farn, brought into San Juan, Porto Rico, in January, 1915, by a German prize crew and interned under state department orders was relied upon as a precedent by the German interests claiming the Appam. The same consideration should be given the Appam, they contended, although the state department ruled that the Farn was a fleet auxiliary.

That The Hague conventions, which would alter prize provisions of the German-American treaties, are inapplicable because not ratified by Great Britain also was argued by the German claimants.

The Appam was appraised at \$1,250,000. She is 440 feet long and of 7,800 tons. Her cargo, from the west African coast, was estimated at between \$2,000,000 and \$3,000,000. In addition about \$1,000,000 in gold bullion was reported to have been taken off by the Moeve, which was commanded by Count Zu Dohna and captured several British ships during a brief but active raiding tour.

The Appam's capture was regarded one of the most spectacular sea exploits of the war. Intercepted off the Madeira Islands while en route from Dakar, Africa, to Liverpool, Lieutenant Hans Berg and his prize crew of twenty-two men ran the vessel, with lights out, across the Atlantic.

Bombs were placed throughout the vessel and the vessel's crew of about 160 and also 350 passengers were kept under subjection by threats of the captors to blow up the ships upon interference.

The Appam arrived at Hampton Roads with supplies exhausted but seaworthy. The libel suit of the British owners was immediately begun and because of the unique and important questions involved, the case was expedited for hearing before the supreme court last January.

Edward Lonergan of Murrayville has purchased a five passenger Ford car for early spring delivery.

WORLD'S GREATEST BRIDGE

New York, March 6.—An unusual achievement in railroad construction and an marvelous triumph in bridge building will be turned over to the world next week when the first regular train is run over the line of the New York Connecting Railway Company. The road will form a connecting link between the Pennsylvania and the New York, New Haven and Hartford railroad systems and will furnish thru service between New England and the south.

The connecting railroad is ten miles long, of which three and one-half miles represent the Hell Gate bridge. The road passes over Randall's Island upon a viaduct 1,965 feet long to the great bridge which spans the Hell Gate Channel between Randall's and Ward's Island.

The bridge is pronounced by engineers to be the greatest triumph in bridge building in the world. It has a span of more than 1,000 feet, the longest in the world. It is wide enough to carry four railroad tracks, which is another record-breaking feature, as no long bridge in the world now carries four tracks. For the construction of the bridge and its approaches 90,000 tons of steel and 400,000 cubic yards of concrete were used. The great arch alone required 20,000 tons of steel.

Trains will approach the bridge from the north over the Bronx viaduct, which is 4,356 feet long. They will cross the Bronx Kills upon a bridge with two lifting sections, each 175 feet long, thru which vessels will pass between the mainland and Randall's Island.

The towers of the bridge are built of concrete, faced with granite, and are 240 feet high, with foundations carried down more than 110 feet and the tracks are suspended from this arch at height of 135 feet above mean high water.

Service and strength were considered in planning the bridge. It four of the largest locomotives in existence were coupled to heavily loaded trains reaching from end to end of the great bridge, it could support them with ease, in the opinion of the bridge commissioner, Gustav Lindenthal who designed it.

Inauguration of service over the Connecting railroad will mark the completion of the dream of the late A. J. Cassatt, who as president of the Pennsylvania conceived and started the vast improvements in and around New York. A total of at least \$150,000,000 has been spent on these works by the railroad. The Hell Gate bridge alone has cost about \$27,000,000, half being paid by the Pennsylvania and half by the New Haven road.

Philadelphia and points south expect to benefit thru the new line, especially in the summer months. It has been suggested that special trains for points in the White Mountains, Maine and other resorts now started from New York, New Haven lines, may hereafter be run from Philadelphia, Baltimore and Washington.

Shippers thruout New England also will benefit. At present the New Haven's freight terminal is at Port Morris, well up on the Hudson river. Freight interchanges between the New Haven roads on the other side of New York now have to be floated about fourteen miles between the New Haven terminus and the Greenville yards on the New Jersey shore. All this is to be changed, and freight will go thru more quickly and at less expense. It is said by railroad officials that the saving in time alone will be enormous.

WARNING TO VIOLATORS.
All automobilists are warned to observe the ordinance regarding speed, lights, cutouts and leaving engines running while no one is in car. All bicycle riders are warned about riding on sidewalks adjacent to paved streets and about having lights on wheels at night. The ordinance relative to these matters will be rigidly enforced.

AFTER THE GRIPPE

Mrs. Findley Made Strong By Vinol

Severy, Kan.—"The gripe left me in a weak, nervous, run-down condition. I was too weak to do my housework and could not sleep. After trying different medicines without benefit Vinol restored my health, strength and appetite. Vinol is a grand medicine and every weak, nervous, run-down woman should take it."—Mrs. Geo. Findley.

Vinol, which contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, sharpens the appetite, aids digestion, enriches the blood, and builds up natural strength and energy.

WOMEN'S CLUBS FAVOR CHANGE IN FASHIONS

Movement Toward Simplicity and Sanity—Success in the Attempt Would Transfer Style Creators to This Country.

Chicago, March 6.—The founding of fashions in women's garments, which could be regarded as truly American, distinctive and sane and yet flexible enough to give play to individual ideas is the purpose of a movement backed by various women's organizations which will find expression in the semi-annual convention and fashion show of the Fashion Art League of America, which opens here March 12.

The movement toward simplicity and sanity and the avoidance of freak styles has the backing of the General Federation of Women's clubs of America, and of the Art Institute of Chicago, both organizations having endorsed the basic theories.

Membership in the Fashion Art League includes dressmakers in towns from Manitoba to Texas and from Salem, Mass., to Salem, Ore., whose ideals are to create styles in harmony with the lives and aims of American women.

Success in the attempt of the league would transfer the style creators for American women from Paris to America.

The delegates to the convention will be addressed by noted speakers. Open competition will be held for the display of designs and sartorial creations, and a public style show has been arranged where models of various garments will be displayed.

BROOKLYN W. F. M. S.

THE IDEAL FOOD Bread Made From

Cainson Flour
REG. U. S. PAT. OFFICE

THE average family spends 45 per cent of its income for food. If more bread, biscuits and other flour foods were eaten, the food bill would be much cut down and the body quite as well nourished.

No bread is as truly wholesome or as perfectly satisfactory as that baked at home from good flour.

Bread and butter, bread and milk, buttered toast, milk toast, rolls and biscuits are ideal foods—digestible, nutritious, well balanced and inexpensive. Cut the food bill by eating more of these wholesome

foods and less of the more expensive ones.

Why Suffer With Backache, Kidneys or Rheumatism Now?

Letter Tells of Long-looked-for Prescription.

Dear Readers:—If I can do any good in the world for others, I wish to do it, and I feel that it is my duty to write about the wonderful results I received from the use of "Anuric." I was suffering from kidney and bladder troubles, scalding urine, backache and rheumatism, and feet and ankles swollen so that at times I could not walk without assistance. Had taken several different kinds of kidney remedies but all failed. I sent for a box of Dr. Pierce's newest discovery, "Anuric," which I received by mail in tablet form. I soon got better and am convinced that this popular new medicine is good. I wish to recommend it to my neighbors and everybody suffering from such troubles.

Miss M. J. SARGENT.

NOTE: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists at Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "Anuric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing Tablet, Dr. Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

Simply ask for Doctor Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever famous remedy for ailing women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and reconstituent for any one, besides being the best blood-maker known.

MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look At Tongue! Move Poisons from Liver and Bowels at Once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co.—Adv.

RHEUMATISM IS PAIN ONLY, RUB IT AWAY

Instant Relief From Pain, Soreness, Stiffness Follows Rubbing with "St. Jacobs Oil"

Stop "dosing" rheumatism.

It's pain only; not one case in fifty requires internal treatment. Rub soothing, internal "St. Jacobs Oil" right on the "tender spot" and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" conquers pain! It is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia and reduces swelling.

Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.—Adv.

CATTLEMEN'S MEET AT EL PASO

El Paso, Texas, March 6.—After a day devoted to preliminary work and features of entertainment, the members of the Panhandle and Southwestern Stockmen's association today settled down to the real business of their eighteenth annual convention. The first of the regular sessions was opened this afternoon with an address of welcome by Mayor Lea following the exchange of greetings the convention listened to the address of President Arthur T. Wilson of Clinton, Arizona, and the annual reports of the other association officers. The convention then took up the consideration of the present condition of the live stock stock industry in the territory embraced in the association. The sessions will continue over Thursday.

MICHIGAN DAIRY SHOW

Detroit, Mich., March 6.—The Michigan Dairy Show, for which preparations have been making for several months, was opened in Detroit today and will be continued until Friday. The show is the largest exhibition of dairy products and machinery ever held in Michigan. During the week there will be meetings of the state organizations of milk producers, creamery owners, butter makers, milk dealers and ice cream manufacturers.

URGE RAILROADS TO EXEMPT NECESSITIES

Association Asserts Action Would Do Much to Relieve Present Confusion of Railroads and the Shipping Public.

Washington, March 6.—Railroads throughout the country were urged today to exempt from all freight embargoes so far as practicable, certain commodities—chiefly necessities of life—which it was asserted would do much to relieve the present confusion of the railroads themselves and the shipping public. The idea in view," said the association "is that shippers and railroads shall always know that transportation of the necessities of life will not be restricted."

Following is the list of articles, which the railroads were asked to accept for relief:

Livestock, perishable shipments consigned to the United States or its officers; foodstuffs and feed for livestock; tin cans for condensed milk when so waybilled; printing paper, fuel coal, material and supplies consigned to railroads. It was also suggested that the following articles and materials moving at seasonable periods be exempted from embargo, except when accumulation exists:

Agricultural implements, binder twine, fertilizer, seed (field garden), nursery stock and fruit that when local conditions (at destinations) require same exemption should be made of shipments of coal and coke consigned to hospitals, schools, gas companies and other public utilities, also petroleum and its products in tank cars.

OHIO SAFETY EXPOSITION

Columbus, O., March 6.—"Proceed with Caution," is the slogan of the third annual Safety Exposition which was opened in this city today under the auspices of the Ohio State Industrial Commission. The exposition, which will continue thru the week, is devoted to the display of safety appliances, with lectures and practical demonstrations to illustrate the most improved methods for the prevention of accidents and the saving of life in mines, factories, railroad work and other industrial pursuits.

NEW CONSTITUTION FOR BAY STATE

Boston, Mass., March 6.—Today was the last day for the filing of nomination papers for delegates to the convention called to frame a new Constitution for Massachusetts. The primaries for the nomination of candidates will be held early in April and the election will take place May 1. The convention is to assemble in Boston on June 5. It will be the first constitutional convention held in Massachusetts in 65 years.

SOUTHERN BAPTISTS CONFERENCE

Shreveport, La., March 6.—Southern Baptists, representing a membership of more than 2,000,000 met in conference in this city today to consider the general topics of the religious obligations of men and the need for wider interest in missions. Many of the foremost leaders of the denomination, both lay and clerical, are participating in the sessions, which will continue over tomorrow and Thursday.

PHILLIES OFF FOR THE SOUTH

Philadelphia, March 6.—The players of the Philadelphia National league team, including Grover Cleveland Alexander, "the \$15,000 beauty," are off for the south today to begin their spring training at St. Petersburg, Fla. According to present plans the team will remain at the Florida resort until April 1, when the homeward journey will begin. On the way north the Phillies will engage in a series of exhibition games in various cities in North and South Carolina.

WOMAN'S CLUB MEETING.

The meeting of the Woman's club will be held at Illinois Woman's college Saturday afternoon at 3 o'clock. The subject will be the federation collection of paintings now on exhibition at the Woman's college. Members will assemble in the chapel and Miss Knopf, director of the art school of the college, will make a short talk on "The History of American Paintings," and will speak of the pictures and artists represented in this exhibit. The meeting promises to be one of very special interest.

Wm. M. King who was called here by the death of his sister, Miss Mary King, left yesterday afternoon for Hobe, Florida, to remain for some time.

IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR, ACID STOMACH

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes

"Really does" put upset stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation in five minutes—that's just that—makes Pape's Diapepsin the largest selling stomach antacid and regulator in the world. If what you eat ferments and turns sour, you belch gas and eructate undigested food or water; heads are dizzy and aches; breath foul; tongue coated; your insides filled with indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmless-ness.

A large fifty cent case of "Pape's Diapepsin" is worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest antacid for the stomach in the world.—Adv.

UPWARD MOVEMENT
OF STOCKS BROADER
All Steamship Issues. Respond to
Washington. Advices Forecasting
Intention to Carry Out Policy of
Armed Neutrality.

New York, March 6.—The upward
movement of stock market prices which
began with the expiration of congress
continued today as a broader and more
impressive scale. Technical conditions,
especially the drastic liquidation of re-
cession induced measures to the fur-
ther improvement in which rails almost
alone failed to share. All the atonship
shares, however, Washington advices
forecasting the intention of the govern-
ment to carry out the policy of armed
neutrality. United States Steel was again
the chief feature of the industrial group.
Pressure against Lehigh Valley on re-
ports affecting the stability of the com-
pany reacted upon other rails, includ-
ing Pacific despite a favorable de-
clination of the interstate commerce com-
mission on proposed rates east of Min-
nesota. Profit-taking caused irregular
recessions in the final dealings but the
closing was strong. Total sales 90,000
shares.

Bonds were steady and without feature
in the international group. Total sales
valued aggregated \$235,000. United
States bonds were unchanged on call.

KANSAS CITY LIVESTOCK MARKET
Kansas City Stock Yards, March 6, 1917.
—Offerings of stock and feeders were
not quite so heavy last week, but de-
mand continued strong and prices ad-
vanced to 15 cents. All classes were
wanted. Illinois feeders paying as high
as \$10.00 for heavy steers, other sales
of that kind at \$9.00. Some of these
bought away from the Illinois. It is
comforting to feeder buyers to have the
packers bid against them, even if it does
make the cattle cost a little more, be-
cause such action of the packers is pre-
tendable insurance that the cattle can
be turned away with good chance of
profit. Thin feeders sold at \$8.50 to \$9.25,
and good stock steers \$7.25 to \$9.75. A
year ago the best cattle going to the
country stopped at about \$5.00. Stock
country steers and heifers also have been in good
demand, at \$6 to \$8 in most cases. Cattle
single Monday this week was 10c higher
and the market was strong to 10c higher
on killing cattle about the same ad-
vance noted on stockers and feeders.
Prime steers were worth \$12.00. This
market, local packers offering that
price for some that are held in Nebraska
and feeder buyers, this section can
use that price or a higher one as a
basis for their calculations. Kansas
graders are buying a good many aged
steers here for summer pastures, con-
sidering these cattle a better buy than
cattle of the ranges in Texas, offered
them at the same price, the market
on stock yards weights being an important
item in reducing the cost. Cattle
receipts here continue to show a gain
over last year, the increase being 100
head in two months, January and Feb-
ruary, about 18 percent. The big advance
in fat hogs has checked immune
stock hogs to 15c, some bought at that
price Friday of last week, 12c pounds,
some pigs weighing 100 pounds at \$13.50,
light pigs around 10 pounds worth
\$12.75. Southern and Arizona around
\$15. Another advance will probably be
made this week in view of continuing
in fat hog market. Feeding
lambs have been selling slightly lower,
at \$15.50 to \$16.00 last week, some plain
kind down to \$13.00. Fat stock and
higher Monday this week, and feeding
lambs will be at 10c.
